Non-Exempt Employee Types – Weekly Paid

- TYPE 2 Includes Non-Exempt salaried Support Staff. These employees receive monetary compensation for all hours worked beyond 40 in a given workweek.
- TYPE 3 Includes hourly part-time, temporary workers, occasional workers, and full-time members of bargaining units, including the Library.
- TYPE 5 Includes all non-exempt hourly students. For example: Student Worker and College Work-Study students. Student Employees, during those weeks they are in class, should not work or be compensated for greater than 20 hours per week.

Exception Pay

Employees work a standard work week and receive a predetermined salary or pay amount. The standard workweek is determined at the time of appointment and may be 35, 37.5, or 40 hours. All Exempt and Non-Exempt Salaried Staff (Types 1, 2, 4, 8, 9) are paid on an Exception basis. The difference with Type 2 employees is the paid time off to which they are entitled is recorded on a positive basis, meaning you have to enter sick days or paid time off days into the On-Line Time Reporting System for the records to be accurate.

Positive Pay

Positive pay employees work a variable number of hours per week. This time must be reported using the On-Line Time Reporting option on the Payroll/Personnel system to receive any pay. All Type 3 and Type 5 employees are paid on a positive pay basis.

- P - Positive (Hourly employees, types 3 or 5)
- E - Exception (Salaried employees, types 1,2,4,8, or 9 employees)
